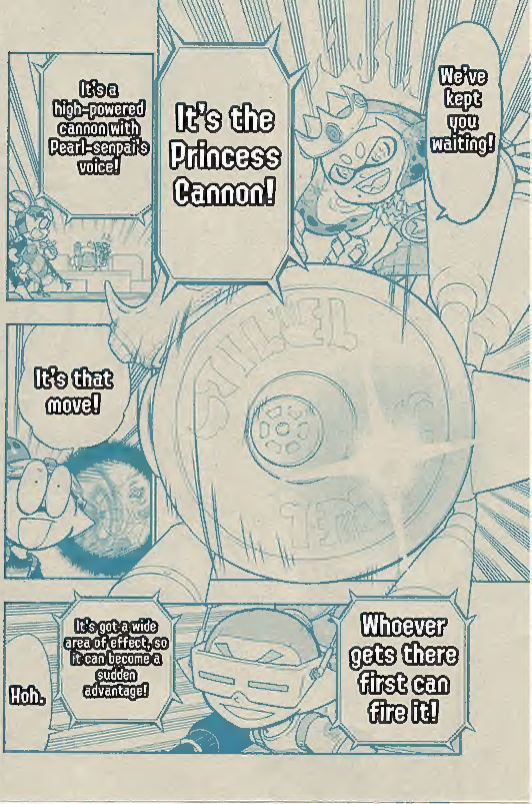
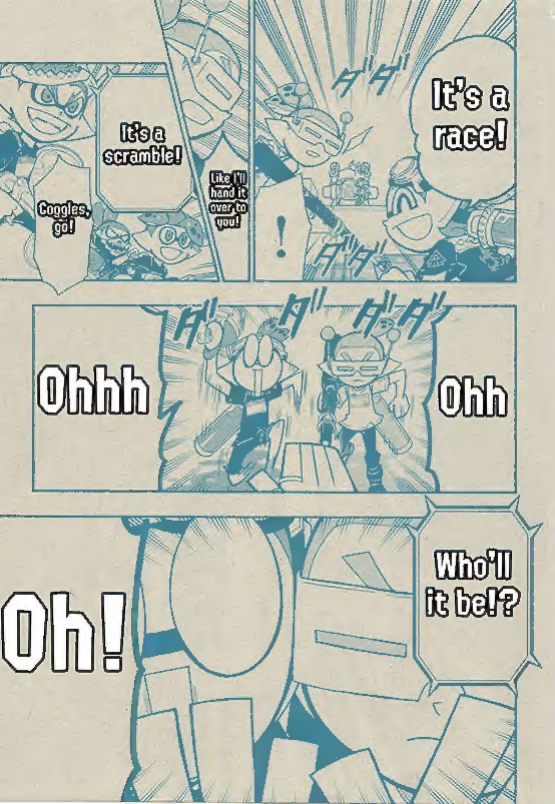
The final stage's greatest gimmick!
Ah-



It's a high-powered cannon with Pearl-senpai's voice!
It's the Princess Cannon!
We've kept you waiting!
It's that move!
Hoh.
It's got a wide area of effect, so it can become a sudden advantage!
Whoever gets there first can fire it!



It's a race!

Like I'll hand it over to you!
It's a scramble!

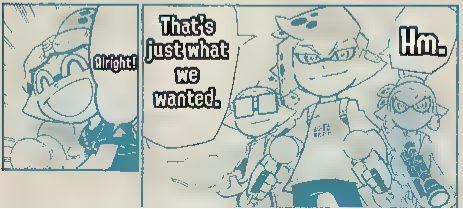
This is where the real match begins!

What?



Hm.
That's just what we wanted.
Alright!

Here I go!
Whoa, it's an offensive/defensive battle...

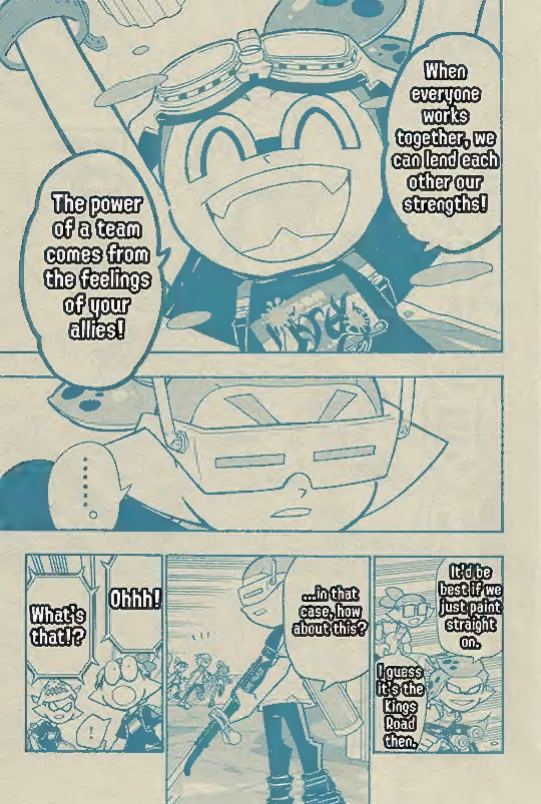
Their movements are improving.
Why are they becoming an even better Order?
Because they're a team!



When everyone works together, we can lend each other our strengths!
The power of a team comes from the feelings of your allies!
.....
What's that!?
Ohhh!
...in that case, how about this?
It'd be best if we just paint straight on.
